IN A NUTSHELL

The fund is exposed to many secular growth areas including the cloud, semi-conductors, CRISPR-CAS 9 biotechnology, online education, and online real estate

The fund is heavily exposed to e-commerce (20%), which is arguably a net beneficiary of the COVID-19 pandemic as the shift to digital accelerates.

Gaming is another key beneficiary with some 16% of the fund exposed to this category.

Lastly, the fund is exposed to many secular growth areas including the cloud, semi-conductors,

CRISPR-CAS 9 biotechnology, online education, and online real estate. Due to fears about the economic impact of COVID-19 on online advertising, we have reduced our weighting to this sector.

An investment in this fund represents an investment in the future of business – which is increasingly digital.
